

Would you like to be a part of the Calamvale Leopards in 2024?

Our Club

Established in 2001, our club provides local families with the facilities for their children to get out in the fresh air, keeping fit all while having fun playing the great sport of AFL.

The committee, umpires, coaches, managers, and other volunteers are such an important aspect to running a club of this nature. These wonderful people not only make our club function, but they also make the Leopards a club our members are proud of and really want to be involved in.

At the Leopards we take pride in being an inclusive, multicultural, and diverse club with strong family and community values. We continue to work hard to provide the best outcomes and opportunities for young people to play AFL in a fun, safe and welcoming environment.

Your Sponsorship

Your sponsorship will be highly valued, enabling our club to continue to provide a place for children of the community to be involved in a fun team sport. Whilst we have a strong base of dedicated volunteers, we do also rely on funding to allow the club to meet its financial requirements.

We recognize our sponsors of the club at every opportunity provided as we genuinely appreciate the contribution they have made, which manifests in the ongoing sustainability of our club. Your company logo is displayed electronically on our website and posted on Facebook. For a more personal touch you will be invited to any special Club Days which you are welcome to promote your business and the Club Presentations where you will be recognized. You will also be provided with the opportunity to physically display your logo at our club within the packages set out below.
